

**SPECIMEN LOGISTICS FOR ANIMAL GENETIC TESTING BY UNISTEL CAPE TOWN**

1) Dry specimen (animal hair samples) will be collected by client in an envelope.

2) Envelope will be identified by client as:

Hair sample for genetic testing

For Attention: UNISTEL – DR MP MARX

From: Client Name

3) Envelope will be delivered at Ampath depot and transported by Ampath to:

AMPATH NRL SEND AWAY

For Attention: Nicolene Pretorius / Annamarie Pretorius

Tel: 012 678 0512/4

4) SEND AWAY will arrange transportation of envelope to Cape Town – UNISTEL.

5) Disclaimer:

5.1) Ampath will transport only specified dry hair samples. (No wet or tissue specimens will be transported.)

5.2) Ampath offers transportation free of charge if existing Ampath courier route is in place. (Ampath may charge courier fee to Unistel if external courier is used).

5.3) Ampath does not accept any responsibility for lost/missing samples.

5.4) Referring client is responsible to keep/store another back-up sample available in case of a lost sample.

A handwritten signature in green ink, appearing to read 'Dr JC Senekal'.
